- Assisted in the implementation and maintenance of Salesforce CRM systems, customizing objects, fields, and workflows to meet business needs.
- Conducted data migration and integration tasks, ensuring smooth system performance and data accuracy.
- Created reports and dashboards to provide actionable insights, improving team productivity by 15%.

SKILLS

Front-End Development — HTML, CSS, JavaScript, Tailwind CSS, Bootstrap

Frameworks – React, Angular

Al Tools — ChatGPT (for debugging, troubleshooting, and code optimization)

Database Management – My Sql

Tools & Platforms - VS Code, Git, GitHub

Soft Skills – Problem-Solving, Team Collaboration, Attention to Detail

EDUCATION

Master's in Computer Applications

IMS, Noida

2022 - 2024 | Noida, India

Bachelor of Science

MJPRU

2017 - 2021 | Bijnor, India

PROJECTS

GitHub User Finder

- Developed a web application that allows users to search for GitHub profiles and display key information using the GitHub API.
- Implemented async/await for seamless data fetching, ensuring smooth user interaction.
- Designed an intuitive Glassmorphism Ul with CSS for a modern and engaging user experience.
- Integrated error handling and input validation, preventing invalid requests and improving UX.
- Ensured mobile responsiveness and cross-browser compatibility. Tech Stack: HTML, CSS, JavaScript (Fetch API, Async/Await)

Netflix Clone Page

- Designed and developed a fully responsive Netflix landing page using HTML & CSS, closely resembling the original UI.
- Utilized CSS Flexbox and Grid for smooth layout adaptation across different screen sizes.
- Enhanced user experience with CSS animations and transitions, achieving a 95% similarity score to the original design.

Tech Stack: HTML, CSS

Interactive Photo Gallery

- Built an interactive photo gallery using HTML, CSS, and JavaScript, featuring a lightbox functionality for an immersive viewing experience.
- Optimized image loading and layout for faster page load times, reducing load time by 30%.
- Ensured cross-browser compatibility and responsiveness for a seamless user experience.

Tech Stack: HTML, CSS
